THE FANS...**

**"Just when I thought you were the very best singer and guitar player, you expand your brilliant talents to a whole new level of entertainment. You were just the ABSOLUTELY best performer this weekend at Treasure Island. You entertained everyone to the nth degree! Oh, how you played your guitar and just made it sound so breath-takingly good! Each song was sung phenomenally! Wow! We had fun! Thank you. Your talents continue to exceed my expectations! Well done!"**

**I just wanted to pass by a special "Thank You" for everything on Saturday, June 28th at the OCC. You were terrific and everything that I could have hoped for.**

**I come from a small town south of Owatonna (Blooming Prairie) and word is out how great the band was at our! The outstanding performance of the band has spread like wild-fire and everyone I bumped into had a terrific time.**

**Again--I truly appreciated all you did for Mark and I and we will keep you in mind for any future events that we may find a need to shake it up!**

Thanks again,  
Amy C. PRIVATE PARTY

**Hi Robby, We were out to Mystic Lake for your concert Friday Aug. 1 and Aug 2. The one that you did outside was the best one yet. I have been to a lot of them but that one was the best yet. We love Hearing about your family ties. We liked the way you joked around with your band members. Tell Jack Potts we like his new hair style. He looks neat. Looking forward to going to many more of your shows. KEEP ON ROCKIN !  
! Joann & Jerry**

**You are such a nice guy in addition to being extremely talented...a great combo. We all are enjoying the CDs. I'm going to have to order your newest one too. You have such a distinctive style, and you are genius on the guitar too.**
